Mr. J. Mat Stansell died at his home about seven miles above Pickens last Saturday morning and his body was buried at Holly Springs Sunday. While Mr. Stansell had been quite ill for a week, he had been improving and it was thought he was out of danger until the day before his death when he suddenly became worse. He was about 58 years of age and had never been married. For many years he lived on W. R. (Pete) Price's place, but at the time of his death was living on the place of W. A. Price.

Central Items

The new postoffice building is nearing completion. This will be a great improvement for us; besides, the new U. S. flag that Postmaster Rowland has purchased will be waving in the air just as soon as he can get arranged in the new building.

A very serious accident happened just above here when a brakeman, Mr. London from Atlanta, fell off of a freight train which was running at a rapid rate. His head was badly cut and possibly his skull was fractured, his right arm below his elbow and both ankles were badly crushed. Dr. J. D. Bearden, the railroad physician of this town, accompanied him to Greenville, where he was placed in a hospital.

Two large real estate deals were transacted here last week. Carl and Mary Morgan and Mattie May Allen sold the F. B. Morgan home to J. L. Carson and Carson sold to T. P. Patterson his home and twenty acres of land. Mr. Paul Duckett and wife spent a few days last week with Mrs. Duckett's parents, Mr. and Mrs. J. T. Gasaway.

There was a Children's Day service last Sunday at the Methodist church. Mrs. J. H. Ramseur trained the children for this exercise.

There was a canning demonstration held in Central last week by Miss Elizabeth Mauldin assisted by others. The ladies report a good time and the men of Central are expecting better biscuits and more canning and preserving since this enthusiastic demonstration.

F. B. Morgan was in Greenville one day last week on business.

The date of the proposed protracted meeting at the First Baptist church of Central has been changed from the 28th of July to the 11th of August to accommodate the summer schedule of the evangelist, Rev. R. W. Thiot of Georgia, who is coming to help the pastor.

Pickens Boys May Be In Big Battle

After a month's preparation the Germans began a terrific attack on the allies along a fifty mile front Monday morning. Preparations indicated that it would be the hardest offensive yet launched by the Huns, but dispatches Tuesday state that the first day's battle was favorable to the allies.

It seems that the fiercest attack was made against the section held by American troops and the best troops of the German army are being used against the Americans. The Germans advanced slightly at first, but our boys soon not only stopped them, but threw them back and captured 1,500 prisoners. Tuesday's dispatches are full of praise for American soldiers who seem to be proving more than a match for the Germans.

The big battle is still raging and it is more than likely that the 30th division, in which are many Pickens county boys, will be used in it.

Happenings Along Little Eastatoe

Health is very good and crops are fine looking so far. We trust we will reap an extra good crop to help feed the soldier boys.

Mr. and Mrs. Daniel Winchester received a letter from their son, Ben T. Winchester, who is now stationed "somewhere in France," under date of June 3, 1918. The letter was received on July 6, and stated that he was well and well cared for. Neither cotton nor corn is grown there, but the grain fields were fine. The country is much colder than here and the ways and customs of that country are very much different from ours. He says they can't understand the French language.

Sylvester Winchester of Rosman, N. C., son of J. W. Winchester, was on a visit to parents and grandparents last week. He had to appear at Brevard, N. C., on Saturday, July 6, to answer the call of his country. May God's richest blessings rest upon the soldier boys, and let every American stand shoulder to shoulder for our country and lend every possible helping hand until this war is over.

The Sunday school at Antioch Baptist church is progressing nicely under the supervision of J. W. Winchester.

Several from this section attended the Twelve Mile River union meeting held with Boone's Creek Baptist church on last fifth Saturday and Sunday and reported one of the best unions they had ever attended.

The all day singing at Fall Creek, Oconee county, on the first Sunday in June, conducted by A. T. Winchester and others, was well attended and everybody reported a good singing and a good time in general.

R. E. Bruce and Wade H. Chastain were through this section recently in the interest of W. S. S. and met with much success.

J. R. Meace and son Walter made a business trip to Norfolk, Va., last week.

Mr. B--- of Catechee is always telling about his mill grinding. We can't make things so funny as he, but we wish to tell what actually did happen. Of course we are the miller and are accustomed to grinding for everybody that comes and the tenth of the grain ground, but we are not in the habit of grinding on Sunday at all; but to our surprise two ladies and two gentlemen drove up to our mill and halloed to us to come to the mill. We went to see what was the matter and found one of the couples to be Tillman Patterson of Reedy Cove and Miss Nettie Chapman of Big Eastatoe, who asked to be made man and wife. On presentation of a permit from Judge J. B. Newberry, the efficient miller (A. T. Winchester, N. P.) pronounced them one. So the toll was paid and they went on their way rejoicing. Their many friends wish them a long, happy and prosperous voyage through life.

The candidates are blooming slowly.

I will ring off for this time and try to come again soon if this is not tossed in the waste basket.

Unincorporated Establishments Must Post Owners

Until mercantile and industrial establishments which are unincorporated and which registered with the clerk of the court before the first of July have had painted and placed over or near the entrance to their places of business a sign showing the names of the owners or proprietors, they have not complied with the law, and are therefore subject to the penalty which the law provides. Failure to comply with any of the provisions of the new statute is punishable by a fine of \$10 or imprisonment for five days for each day the concern continues in business.

Soldiers' Testaments

No more appropriate gift could be made to a soldier than a New Testament, and believing that many Pickens county parents would like to make such a present to their boys, The Sentinel has secured a number of copies of the New Testament which will make particularly pleasing presents for the boys.

These testaments are emphasized with the words of Christ printed in bold face type. Strongly and neatly bound in khaki colored Morocco grained waterproof Keratol—flexible limp cover, embossed back bands, round corners, khaki edges, gold title, beautiful embossed American flag in colors on the outside cover. Printed on specially strong Bible paper. Only 3x4 inches and half an inch thick. Type is plain and clear—self-pronouncing. The four great American hymns are printed and bound with this sailors and soldiers testament. These testaments are made especially for boys in the military service.

As we have only a limited supply we can only let subscribers of The Sentinel have them at present. The price is 43 cents each.

Pickens county people had bought \$81,766.25 worth of War Savings Stamps up to July 6, which is \$2.74 for every person in the county. Pickens stands twelfth in the state in per capita purchases, which is a fine showing. Many of the large and rich counties are below us. Let us make an effort to not only keep our high place, but go higher. Charleston is the top county in this state with \$4.67 per capita.

About 60 Per Cent Of Voters Registered

Up to July 15th, 357 names had been registered on the club roll of the Pickens precinct and only fifteen more days in which to register. Do not forget that if you do not get your name on your club roll on or before July 30 you cannot vote in the primary elections this year.

Red Spider Reported In Six Mile Section

The red spider or bug which has been reported from several sections of the state as damaging the cotton crop, has appeared in this county. R. K. Lewis, who lives in the Six Mile section, says some of the fields there have been completely destroyed by this pest. Mr. Lewis says this is not the first time this spider has appeared here. Several years ago it came, but it was late in the season and but little damage resulted from its visit.

Mount Carmel Items

(Intended for last week.)

On account of the recent heavy rains the farmers thru this section have had a hard proposition to keep their crops properly cultivated, but they are looking fairly well, especially cotton.

Some farmers are beginning to lay by their corn.

A large crowd attended church Sunday morning and heard a good sermon by Pastor Mitchell on the subject "End of the Age." Several of our soldier boys were present, who we are always glad to have with us.

On the 29th ult., the local Red Cross had a rally and ice cream supper, the proceeds from which amounted to over fifty-five dollars. We now have above eighty members in the local branch.

Miss Mayme Williams is attending the summer teachers school at Winthrop. She will teach the Mt. Carmel school this summer.

THE TOUGH KID

Behold the Tough Kid! He is a regular Son of a Gun and his folks Can't Do A Thing With Him. He smokes cigarets, reads Nick Carter, and nervous folk predict he will end his Days in the Pen. But when he Grows Up, he will Fool Them. He will very likely be a prominent Attorney or Banker.
